New Delhi, Jul 21 (PTI) India needs government incentives and substantial investments in artificial intelligence (AI) to strengthen cybersecurity and border security, a report by Nexgen Exhibitions said on Monday.

The report, based on a survey of over 200 companies from 15 cities, highlighted that 86 per cent of respondents agree or strongly agree that India needs proactive government support in AI for national security.

As the nation grapples with the increasing challenges in electronic warfare and information warfare, AI emerges as a transformative tool for ensuring national sovereignty, the report noted.

Industry estimates suggest that over 2.3 million cybersecurity incidents were reported in India in 2024, along with a financial loss of Rs 1,200 crore due to cyberattacks, the report noted. The country also ranks third globally in phishing attacks, after the US and Russia.

Around 14 per cent of respondents support public-private partnerships and incentives for AI innovation in defence.

They believe that PPPs (public private partnership) can bridge the AI divide in the sector, effectively

ड्रोन से 2030 तक भारत की विनिर्माण क्षमता 23 अरब डॉलर तक बढ़ सकती है: रिपोर्ट

नयी दिल्ली: सात जुलाई (भाषा) ड्रोन उद्योग से 2030 तक देश की विनिर्माण क्षमता 23 अरब अमेरिकी डॉलर तक बढ़ सकती है। एक रिपोर्ट में यह अनुमान जताते हुए कहा गया है कि रक्षा, कृषि, लॉजिस्टिक और बुनियादी ढांचा जैसे क्षेत्रों से बढ़ती मांग के कारण ऐसा होगा।

Drone can boost India's manufacturing potential to USD 23 bn by 2030: Report

PTI · Jul 8, 2025

Jul 8, 2025 · Views: 319

Buoyed by rising demand from sectors like defence, agriculture, logistics, and infrastructure, the drone industry is expected to boost the country's manufacturing potential to USD 23 billion by 2030, says a report.

As drones emerge as a key component of modern warfare strategies, India's Operation Sindoor in the wake of the Pahalgam terror attack has marked a notable shift in the country's adoption of drones, the report by Nexgen said.

India's drone industry is on track to significantly enhance the country's manufacturing capabilities, potentially pushing its value to \$23 billion by the end of the decade, according to a recent industry report by Nexgen.

Driven by rising demand in sectors such as defence, agriculture, logistics, and infrastructure, drones are rapidly becoming integral to both commercial and strategic operations.

Over 300 firms from 15 nations to take part in International Drone Expo

NEW DELHI: (Jul 29) Over 300 companies from more than 15 countries will showcase their innovations, particularly drones and AI models during the 2-day International Police Expo and International Drone Expo beginning here on Thursday.

The event will highlight revolutionary, cutting-edge technologies and solutions—from metallurgy, drones, AI models, and weapons & ammunition to armoured vehicles, security vehicles, and autonomous control systems—designed for the global policing and homeland security sector, a statement said.

Electronics Corporation of India Ltd (ECIL), Austria-based Doculus Lumus GmbH, will be among the participants in the event organised by Nexgen Exhibitions. SSS Defence will display its advanced weapons, ammunition, and autonomous control technologies-epitomising the essence of 'Make in India for the World.'

Tech to track foreign SIMs, AI defence tools & more

Devanshi Mehta & Khushi Bhuta | TNN

New Delhi: Among the many technologies demonstrated on the opening day of the International Police Expo and Drone International Expo 2025 on Thursday at Bharat Mandapam was the Rapid Illegal Immigrants Detection System — a passive, standalone device designed to identify foreign SIM cards and mobile devices within a 50-metre radius. The system is being pitched for use in tracking illegal Bangladeshi and Rohingya immigrants, particularly in border villages and densely populated slum clusters.

The device claims to operate independently of mobile network providers and enables real-time detection of IMEIs and IMSIs, which are unique numbers identifying mobile phones or subscribers, making it useful during cordon-and-search operations.

Drones, AI-powered defence systems, anti-drone guns, armoured ambulances, and mobile forensic tools were also showcased at the event, which drew over 4,000 police and defence personnel on Thursday.

At one stall, a forensic analyst demonstrated an India-specific open-source intelligence tool. By entering a deceased person's phone number, the system generated a flowchart mapping linked UPI accounts, social media handles, email IDs, even photos, sourced from across platforms and the deep web and dark web. The tool aims to streamline background checks for law enforcement.

Deepgaze AI was introduced as a defence against deepfakes, flag-

ging manipulated audio, video and image files with forensic precision. Meanwhile, drone data recovery and data sanitization tools were also on show. Mobile laboratories,

CCTV cameras and forensic scanners emphasised on holistically capturing evidence in the context of crash investigations, post-blast investigations, disaster recovery as

well as crime scene investigations. The expo is focused on developments in the fields of military equipment too, including both drones and anti-drone technology, arms,

gear and vehicles. From pistols with technology designed to fire in darkness to armoured mine-protected vehicles capable of withstanding landmine blasts, the expo aimed to ensure armed forces envision a more efficient future.

"I was especially looking forward to seeing the weapons and new systems," said Vaishali Mane, superintendent of police, Pune, as she tested the weight and grip of a pistol at one of the stalls. "We're here not just to browse, but to take stock, assess and provide as many suggestions as we can to ensure our own units stay updated with the best available options."

The attendees saw the technologies as a pathway to a future that is still being nurtured. CRPF personnel Bhopinder Singh said, "New technology is growing in all aspects: weapons, vehicles, gear. Some of these technologies we have heard of, but we are seeing them up close for the first time here."

However, the forces also approached the new technology with a grounded perspective. "These tools show promise, but field readiness will take time," said CISF sub-inspector Ramashish Rana.

Delhi Traffic Police inspector Devi Lal called the technologies "a step toward modernising policing". With quick response vehicles built for efficient communication for the forces as well as mobile computers creating databases for logistical management in healthcare and govt, the expo underlined the importance of speed in policing and surveillance.

An effective solution to Detect Illegal Immigrants like Rohingya & Bangladeshi migrants living in the slum settlements and Border Villages

1. Detect & Identify all cellular devices in possession of unwanted entity with in the range of 50 Mtrs during routine or special checks.
 2. Discreet 100% Denial & Detection of Foreign Mobile Devices
- Standalone solution - No Dependency on Mobile Operators

Detection of All Active at Entry Point

Eyes in the sky

भारत मंडपम में हथियार-ड्रोन की प्रदर्शनी लगेगी

नई दिल्ली। दिल्ली में जल्द ही अत्याधुनिक हथियार, ड्रोन और रक्षा क्षेत्र में इस्तेमाल होने वाली उन्नत तकनीकों की प्रदर्शनी लगेगी। भारत मंडपम में 31 जुलाई और एक अगस्त को लगने वाली प्रदर्शनी में धातु विज्ञान, ड्रोन, एआई मॉडल, हथियार और गोला-बारूद से लेकर बख्तरबंद वाहनों को प्रदर्शित किया जाएगा। नेक्सजेन एक्विजिशन की ओर से इसका आयोजन होगा। इसमें भारत के साथ-साथ विश्व के 15 देशों की 300 से ज्यादा कंपनियां अपने अत्याधुनिक हथियारों और तकनीकों का प्रदर्शन करेंगी।

आपदा और सैन्य मिशन में उपयोगी ड्रोन बनाया

प्रदर्शनी

नई दिल्ली, व.सं। कोच्ची की एक कंपनी ने ऐसा अंडरवाटर ड्रोन विकसित किया है जो पानी के भीतर 300 मीटर तक जाकर खोज और निगरानी कर सकता है। यह ड्रोन आपदा और सैन्य मिशनों में उपयोगी होगा, जो पानी में फंसे लोगों या वस्तुओं की जानकारी कंट्रोल रूम को भेजता है।

22 किलो वजनी यह ड्रोन हाई-रिजॉल्यूशन, थर्मल और इन्फ्रारेड कैमरों से लैस है, जो रात में भी सटीक तस्वीरें ले सकता है। यह बिना जीपीएस के दिशा तय कर सकता है। बैटरी से चलने वाला ड्रोन 2-3 घंटे तक, जबकि वायर्ड वर्जन 7-8 घंटे तक काम करता है। यह

पानी के भीतर 300 मीटर तक जाकर खोज करने और निगरानी में कारगर

पूरी तरह स्वदेशी तकनीक से बना है। प्रदर्शनी में सर्विलांस, खेती और डिलीवरी के लिए भारी ड्रोन भी आकर्षण का केंद्र रहे।

खेती के ड्रोन बीज बोने, कीटनाशक छिड़कने और फसल की निगरानी में सहायक हैं। वहीं भारी पेलोड ड्रोन मेडिकल सप्लाय व शहरी डिलीवरी में मददगार हैं। इनमें एआई और स्वायत्त नेविगेशन तकनीक है। नेक्सजेन एग्जिबिशन में 15 देशों की 300 कंपनियों ने भाग लिया। प्रदर्शनी में बुलेटप्रूफ वाहन, आधुनिक राइफलें और सुरक्षा उपकरण भी दिखाए गए।

रक्षा एक्सपो में दिखेंगे

अगली पीढ़ी के हथियार

जास, नई दिल्ली: संसद में आपरेशन सिंदूर की सफलता पर चर्चा जारी है। इस बीच, दिल्ली के लोगों को रक्षा एक्सपो में स्वदेशी नई पीढ़ी के हथियारों को देखने का मौका मिलेगा। वैसे, इस एक्सपो में 15 से अधिक देशों की 300 से अधिक कंपनियां आधुनिक हथियारों के साथ भाग लेने आ रही हैं, जिसमें ड्रोन व एआइ लैस मशीन गन सहित अन्य उन्नत हथियार होंगे।

कुछ प्रसिद्ध विदेशी कंपनियों के उत्पादों के साथ देशी उत्पादों का जलवा होगा। यह दो दिवसीय अंतरराष्ट्रीय पुलिस व ड्रोन एक्सपो 31 जुलाई व एक अगस्त को प्रगति मैदान में लगेगी।

इसमें ड्रोन, एआइ माडल और हथियारों और गोला-बारूद से लेकर बख्तरबंद वाहनों, सुरक्षा वाहनों और स्वतः नियंत्रित प्रणालियों तक देखने को मिलेगा। इसी तरह फोरेंसिक जांच के उन्नत उपकरण भी चकित करने वाले हैं।

एक्सपो के आयोजक नेक्सजेन एक्जिबिजिंस के निदेशक आधार बंसल के अनुसार, अग्रणी रक्षा निर्यातक बनने की देश की महत्वाकांक्षा को साकार करने के लिए हमें नवाचार, आधुनिक तकनीक और मजबूत साझेदारियों में निवेश की आवश्यकता है। यह एक्सपो इस दिशा में खास होगा।

समुद्र के रहस्य को उजागर करेगा आइरौ डीप-सी टूना प्रो-रौ

अशूष कुमार सिंह • जयपुर

नई दिल्ली : अब समुद्र की गहराई से कोई रहस्य नहीं छिपा रहेगा, इसे आसान बनाया है स्वदेश निर्मित 'आइरौ टूना प्रो रौ' (आरओवी, रिमोटली ऑपरेटेड व्हीकल) ने। आइरौ का टूना प्रो रौ-ईटीपी 3,000 मीटर गहरी पानी के भीतर तीन सौ मीटर तक की गहराई में जाकर इंसान, विभिन्न ढाँचों और अन्य जरूरी चीजों की जांच और निगरानी करने में सक्षम है। यह समुद्र की गहराई से महत्वपूर्ण जानकारी लाने के साथ गहरे पानी और समुद्र में होने वाली दुर्घटना के समय मानव जीवन को बचा सकता है, बल्कि पर्यावरण सुरक्षा और विकास में भी सहयोगी है। इससे समुद्री सुरक्षा और अनुसंधान की दिशा में नई राह खुल गई है। रिमोट ऑपरेटेड टूना

क्या होते हैं पेलोड्स

पेलोड्स वे विशेष उपकरण या सामान होते हैं जो इस ड्रोन या रौ में लगाए जाते हैं, ताकि वह अलग-अलग काम

कर सके। जैसे सेंसर, कैमरे या हाथ जैसे यंत्र, जो आवश्यकता के हिसाब से बदले जा सकें।

प्रो रौ पानी के भीतर पूरी सटीकता और सक्रियता के साथ काम करता है, जो तकनीकी रूप से सक्षम होने के साथ हर तरह के मिशन के लिए उपयोगी है। इसमें खास पेलोड्स आधुनिक सेंसर, सोनार (ध्वनि तरंगों से पता लगाने का यंत्र), मैनिपुलेटर्स (हाथ जैसे उपकरण) और स्थिति सेंसर लगाए गए हैं। इन्हें आवश्यकतानुसार बदला भी जा सकता है। इसके यहाँ विशेषता इसे समुद्री सुरक्षा व अनुसंधान के लिए उपयोगी बनाती है। इसमें लगा फाइव-ध्रस्टर इसे बेहतर नियंत्रण देता है तो फोरके प्राइमरी

और 1080पीएचडी सेकेंडरी कैमरों के साथ में सिक्स एक्स 1500 लुमेन एलईडी लाइट इसे गहरे समुद्र में भी साफ देखने में सक्षम बनाती है। इसकी इन्हीं विशेषताओं ने वैज्ञानिकों, नौसेना और अन्य विशेषज्ञों का ध्यान अपनी खींचा है। आइरौ कंपनी के सहसंस्थापक जान टी मथाई ने बताया कि टूना प्रो रौ को इस तरह से डिजाइन किया गया है, जिससे इसे कहीं भी आसानी से लाया और ले जा सके। यह बुनियादी ढाँचे की निगरानी, सर्विलेंस और खोज-राहत अभियानों के लिए बेहतर है।

भारत महोत्सव में आयोजित अंतरराष्ट्रीय पुलिस एक्सपोजे- 2025 में पानी के नीचे तीन सौ मीटर नीचे लका जाकर खोजबीन करने वाला ड्रोन • अशूष कुमार

'Make in India' tech takes centre stage at 10th International Police Expo in Delhi

PIONEER NEWS SERVICE
New Delhi

The 10th edition of the International Police Expo kicked off today at Pragati Maidan, with over 5,000 police and defence personnel attending the showcase of cutting-edge indigenous technologies aimed at transforming law enforcement and national security.

Organised by Neagen Exhibitions Pvt. Ltd., the two-day event features participation from over 300 companies presenting innovations spanning 3D forensic models, artificial intelligence (AI)-powered big

data analytics, advanced weapons systems, autonomous security controls and anti-drone technologies. Highlighting India's push for technological self-reliance, the Electronics Corporation of India Limited (ECIL), a public sector enterprise under the Department of Atomic Energy, exhibited a range of security and surveillance products.

These include examination and vehicle-mounted jammers, anti-drone systems, access control and encryption devices, CCTVs and X-ray scanners. "These technologies are crucial in protecting national assets

10th edition of the International Police Expo was organised at Pragati Maidan on Thursday
PANKAJ KUMAR

from VIPs and Government buildings to public spaces like airports," said an ECIL representative. "Our products are deployed at key sites such as Rashtrapati Bhavan, Parliament House, and the Prime Minister's Office." He further urged the Government to prioritise

indigenous technologies and provide greater support to public sector undertakings (PSUs) for national security projects.

Among the most talked-about exhibits were 3D forensic solutions by AVRDUUS Technologies, which showcased precision laser scanning devices for digitising crime and accident scenes.

Their technology aligns with the new Bharatiya Nyaya Sanhita (BNS) guidelines requiring higher digitisation in crime documentation. "Our scanners capture measurements with millimetre accuracy, preserving the integrity of a crime scene digitally for future reference," said a company representative.

AI-driven solutions were also in focus, with Paladin AI demonstrating advanced platforms designed for law enforcement and forensic use.

"Our locally trained AI models specialise in defect detection and big data analytics to streamline criminal investigations," a spokesperson explained. "These solutions, all made in India, are tailored for the unique challenges faced by Indian law enforcement." Defence manufacturer SSS Defence drew attention with its full range of indigenous infantry weapons, from pistols to sniper rifles,

and advanced counter-unmanned aircraft systems. "We are the only private firm in India handling everything from design to certification without foreign support," said a company official. He urged the Government to establish a dedicated task force to streamline procurement and provide private players with opportunities similar to PSUs, including tender engagements. Adding to the list of firsts, Shyam VNI introduced a mobile security system designed to detect and locate unauthorised mobile phones in restricted areas without needing support from telecom providers.

The solution is intended for strategic Government buildings, secure operations centres, and prisons. "This is a global first, offering unmatched surveillance capabilities in sensitive environments," said the company's representative.

Public Notice
This is to advise the general public that Mrs. Rajni Devi, aged 55, residing at Flat No. 101, Ground Floor, Sector 14, Connaught Place, New Delhi-110028, has been declared missing since 15.08.2023. She is a Hindu and her husband is deceased. She is wearing a blue saree with a white border. If anyone has any information regarding her whereabouts, please contact the police station at Sector 14, Connaught Place, New Delhi-110028. Contact number: 011-26101111. This notice is issued for a period of 30 days from the date of publication of this notice.

PUBLIC NOTICE
To be known to all that I, SAIED AMEER AHMED, 1/10 D, SAIED SAHIB ASHRAF KUDDUS ROAD, NEW DELHI-110028, has been declared missing since 15.08.2023. He is a Hindu and his wife is deceased. He is wearing a blue shirt and black trousers. If anyone has any information regarding his whereabouts, please contact the police station at Sector 14, Connaught Place, New Delhi-110028. Contact number: 011-26101111. This notice is issued for a period of 30 days from the date of publication of this notice.

■ प्रगति मैदान के भवन संख्या 12 और 12A में इंटरनैशनल पुलिस एक्सपो और ड्रोन इंटरनैशनल एक्सपो 2025 का शुभारंभ हुई है। यह पुलिसिंग, पर्यटन, सैन्य, इंटेलिजेंस, सिविल, पावर, आर्मी, ड्रोन और एंटी-ड्रोन सिस्टम पर केंद्रित है। इस एक्सपो में अलग-अलग राष्ट्रों की पुलिस, पर्यटन, सैन्य एक्सपर्ट पहुंचे हुए हैं।

एक्सपो में EVERTUS AD G-6+ ने सभी को आकर्षित किया। यह एक एंटी-ड्रोन गन है। जो एंटी-ड्रोन को लक्ष्य बनाने के लिए इस्तेमाल की जाती है। आर्मेन्क ने बताया कि यह एंटी-ड्रोन में से है। यह यूक्रेन के एक

आज शाम 6 बजे तक घलेगा एक्सपो

कंपनी का डिफेंस प्रोडक्ट है। यहाँ में कई तरह के ड्रोन हैं। यह ड्रोन मैनोवरील विमान है, जो डिफेंस में भी इस्तेमाल है। इन ड्रोन के साथ ही एंटी-ड्रोन गन का प्रदर्शन हुआ।

एक्सपो में 'सिपिड ड्रोन' का प्रदर्शन किया गया है। यह ड्रोन की डिफेंस, पावर, इंटरनेट, कोर्पोरेशन पर विशेष पर ध्यान दिया हुआ है। यह ड्रोन सिविल, सैन्य, पुलिस, पर्यटन, सिविल, पावर, आर्मी, ड्रोन और एंटी-ड्रोन सिस्टम पर केंद्रित है। इस एक्सपो में अलग-अलग राष्ट्रों की पुलिस, पर्यटन, सैन्य एक्सपर्ट पहुंचे हुए हैं।

5 मिनट में डेटा रिकवरी

फॉरेंसिक टूल के लिए एक नए तरीके का प्रदर्शन किया गया। इसमें किसी भी डेटा को 5 मिनट के अंदर रिकवरी कर लेने का दावा किया गया है। एक्सपो में कानपुर ऑडिओ क्लिप के डिफेंस प्रोडक्ट का प्रदर्शन किया गया। इसमें डेटा रिकवरी का प्रदर्शन किया गया है।

हाईटेक टेक्नॉलजी पर सबकी नज़र

आर्मेन्क का दावा है कि इसमें 20 देशों की 300 वर्ल्ड क्लास कंपनी हिस्सा ले रही हैं। विशेष रूप से अमेरिका, इंग्लैंड, जर्मनी, फ्रांस, तुर्की, मुंबई, सिंगापूर, ऑस्ट्रेलिया, स्पेन, जर्मनी, इटली और कनाडा के लोग इसमें हिस्सा ले रहे हैं। अमेरिका, इंग्लैंड, जर्मनी, फ्रांस, तुर्की, मुंबई, सिंगापूर, ऑस्ट्रेलिया, स्पेन, जर्मनी, इटली और कनाडा के लोग इसमें हिस्सा ले रहे हैं। अमेरिका, इंग्लैंड, जर्मनी, फ्रांस, तुर्की, मुंबई, सिंगापूर, ऑस्ट्रेलिया, स्पेन, जर्मनी, इटली और कनाडा के लोग इसमें हिस्सा ले रहे हैं।
